## EXPERIENCES

### TOP LEVEL wine lover course

### SOMETHING OUT OF THE ORDINARY

Born in 1988, sommelier, food and beverage manager, speaker and collaborator of Gambero Rosso (historical and famous food & wine publishing company).

Meaningful experiences in the hospitality industry including Michelin starred restaurants, institutional reception and world-class artistic events such as Umbria Jazz Festival.

The search for pleasure begins with sharing unique moments, memories, sensations. For me the best way to do so it's drinking good wine with good company.

- Top level wine lover course: let's understand together how wine is born, how to choose it and pair it with food according to the situations.
- Wine tour: let's explore vineyards and territories together, where sunlight, smells and flavors are combined to transform grapes into their liquid expression with ruby red or golden yellow highlights.
- Themed tastings: wine is an infinite universe of scents, colors and stories; enjoy exclusive wine experiences with a certified sommelier through private tastings with selected first class wines.
